

2 person capacity
490 mile range

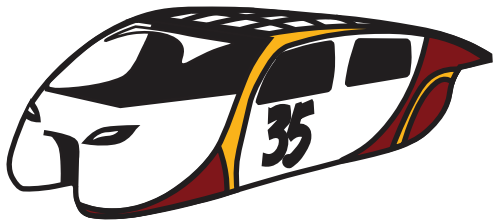

1300 watt solar array
40 wh/mile

Battery cells: 18650 Lithium-ion

Solar cells: SunPower Maxeon Silicon

Motors: Dual In-House Permanent Magnet

Chassis: Carbon Fiber Monocoque

Safety Features

- Carbon fiber chassis
- Chromoy steel roll cage
- 6-point harness seat belts
- Shatter-proof windows
- Carbon fiber chassis
- Side turn indicators

Exterior Features

- LED headlights
- Normalizing array
- Daytime running lights
- 325 cell solar array
- Protective vinyl wrap
- Aerodynamic tunnel
- Infrared-blocking window tint

Interior Features

- Infotainment system
- Stalkless steering wheel
- Mirrorless vision system
- Luxury interior
- Interior lights
- Cup holders
- Roomy trunk
- Passenger cooling system
- Push-to-talk radio system
